6. Institutional set-up for liquidity risk management

The Liquidity Risk Management of the Company is governed by Risk Management Committee. The Board has the overall responsibility for management of liquidity risk. The Board decides the strategy, policies and procedures to manage liquidity risk in accordance with the liquidity risk tolerance/limits approved by it. The Risk Management Committee (RMC), which is a committee of the Board, is responsible for evaluating the overall risks faced by the Company including liquidity risk. Company's Board has guided Asset Liability Management Committee (ALCO) to ensure adherence to the liquidity risk tolerance/limits and prepare liquidity risk management strategy. The role of the ALCO with respect to liquidity risk would include, inter alia, decision on desired maturity profile and mix of incremental assets and liabilities, responsibilities and controls for managing liquidity risk, and overseeing the liquidity positions at an entity level.
